(b) (6), Chair  
Colbert Landfill Cleanup Action Committee  
(b) (6)  
Colbert, Washington 99005

Dear (b) (6)

Earlier this summer, the U.S. EPA Region 10 Hazardous Waste Division began developing a Citizen Participation Award Program. This award is designed to recognize community members who have made a significant contribution to the Superfund process at a particular site.

You are the recipient of the first "Citizen Participation Award" in Region 10 for your contribution to the community and the Colbert Landfill Superfund Site.

While acting as the Chair of the Colbert Landfill Cleanup Action Committee, you have been instrumental in maintaining effective communication among members of the local residents and EPA. You have been constructive in identifying community issues and problems and subsequently working with your committee and EPA to find solutions.

It is for your sincere efforts to help EPA implement the cleanup actions at Colbert that you are being given this award. Thank you for your service to the community.

Sincerely,

*Charles E. Findley*, acting  
Charles E. Findley, Director  
Hazardous Waste Division
